Energy Management System Certificate

Certificate Number:00222EN0289ROM

CQM hereby certifies that

Sogefi (Suzhou) Auto Parts Co.,Ltd.

Unified Social Credit Identifier: 913205095925767310

Domicile:South of Panlong Road, North of Caizi Road, Wujiang Economic and Technological Development Zone, P.R.China

Certification Add.:No.1028, Pangjin Road, Wujiang Economic Development Zone, Suzhou City, Jiangsu, P.R.China; No.456, Caizi Road, Wujiang Economic Development Zone, Suzhou City, Jiangsu, P.R.China

the management system conform to

GB/T 23331-2020/ISO 50001:2018

RB/T 114-2014

RB/T 119-2015

This certificate is valid to the following scope:

Energy management activities involved in manufacture of stabilizer bars and springs for automobile, intake manifolds, air cooling systems and filter products for automotive engines

Information of energy performance and boundaries refer to the attachment

(The information of this certificate can be inquired on www.cnca.gov.cn or website of CQM. The continual validity of the certificate can be checked by Certificate Confirmation of surveillance.)

Energy Management System Certificate

Certificate Number:00222EN0289R0M

Attachment (Page 1)

Products or services/(Processes)	Comprehensive energy consumption for unit output of product/for unit output value	Reporting Period	Measurement boundary for energy consumption
Stabilizer bars for automobile	11.270 tce/10,000 pieces	July, 2021 -March, 2022	Output during the reporting period: 1,165,200 pieces. Physical location: No.456, Cairi Road, Wujiang Economic Development Zone, Suzhou City, Jiangsu, P.R.China. Main production systems: End forging for special steel bars, forming (hot bending or cold bending), hot blasting, pretreatment and spraying, gluing, injection, press fitting, inspection and packaging. Auxiliary production system: High voltage distribution room, air compression system, central cooling water system, waste gas and waste water treatment system, maintenance, measurement room, laboratory, etc. Ancillary production system: Administrative office, canteen, etc.
Springs for automobile	12.8955 tce/10,000 pieces	July, 2021 -March, 2022	Output during the reporting period: 534,400 pieces. Physical location: No.456, Cairi Road, Wujiang Economic Development Zone, Suzhou City, Jiangsu, P.R.China. Main production systems: End forging for spring steel bars, forming (hot coil or cold coil), heat treatment, prepress and test, hot blasting, pretreatment and painting, grouping, testing, visual inspection and packaging. Auxiliary production system: High voltage distribution room, air compression system, central cooling water system, waste gas and waste water treatment system, maintenance, measurement room, laboratory, etc. Ancillary production system: Administrative office, canteen, etc.

(The attachment should be used jointly with the main certificate)
